

A list of tax cap reforms that NYSUT has supported is included below:

- Removal of the 60 percent supermajority requirement
- Amend the tax cap to make it 2 percent or CPI, whichever is greater (much like the State of Massachusetts)
- Exempt BOCES capital projects – the need is acute; this would create parity with component districts
- Exempt BOCES services and program costs
- Exempt enrollment growth (surging, especially Long Island)
- Exempt payments and projects related to natural disasters
- Exempt school safety and school resource officers
- Exempt PILOTS effects to mitigate the effects of IDA decisions on school districts
- Exempt court judgments against school districts
- Exempt tuition payments for both general and special education
- Exempt the maintenance and repair of school buildings
- Exempt retirement and healthcare costs
- Exempt the cost of energy – fuel for heating and cooling and transportation
- Exempt the effect of failed add-on ballot propositions
